**Status**

The principal investigator must be a professor.

**Responses Selected:**

I am a professor

**Equity and designated groups**

Four groups are designated by the Employment Equity Act in Canada: Women, Aboriginal peoples, Members of visible minorities and Persons with disabilities. Members of these groups are under-represented in some fields, including several ones related data science.

Details are available at <https://www.canada.ca/en/public-service-commission/jobs/services/gc-jobs/employment-equity.html>

Note that this question is optional and its answer will be shared with the reviewers. For equal applications, preference will be given to teams composed with qualified candidates from the designated and under-represented research groups. We, therefore, invite eligible candidates to identify themselves as belonging to one or more categories of under-represented groups.

Does one or more members of your team belong to one of the designated groups (please seek the agreement of your team members before disclosing this information) ?

Prefer not to answer

## Team

Reminder :

1- The team must be composed of at least two professors. Postdoctoral researchers are allowed to be members of the team.

2- Team members should not all have their primary affiliation in the same department.

For statistical purposes, please indicate if team members are currently receiving funding from IVADO by checking the appropriate boxes on the form.

Please find at this address the list of professors funded by IVADO :
