Equity and designated groups

Four groups are designated by the Employment Equity Act in Canada: Women, Aboriginal peoples, Members of visible minorities and Persons with disabilities. Members of these groups are under-represented in some fields, including several ones related data science.

Details are available at <https://www.canada.ca/en/public-service-commission/jobs/services/gc-jobs/employment-equity.html>

Note that this question is optional and its answer will be shared with the reviewers. For equal applications, preference will be given to a qualified candidate from one of the designated and under-represented research groups. We, therefore, invite eligible candidates to identify themselves as belonging to one or more categories of under-represented groups.

Do you belong to one of the designated groups?

Other funding during the M.Sc.

IVADO scholarship for MSc cannot be held concurrently with other NSERC, SSHRC, CIHR or IVADO scholarships. If you are successful in our competition and also in a competition from one of the organizations mentioned, you will have to choose one scholarship or the other, but not both.

In general, we do not encourage the accumulation of scholarships from other sources of funding, but we do not prohibit it either, as it may be justified in some cases.

Will you receive any other scholarships during your MSc or have you applied for other competitions ?

If so, please specify which scholarship or tell us about the competitions you applied

applied to FRQ

Participation in IVADO's community and activities

This section will not affect your application. Your answers will only be used for statistical purposes.

Have you ever received an IVADO scholarship, or participated in IVADO's activities?

No

If so, please specify which scholarship (type of scholarship and dates of award) and which activities (titles, dates...)

(No response)
